

ED TEMPLE

MA, PCC

Certified Executive Leadership Coach and Master Facilitator

Hungry in his work (and hungry as a hobby), Ed excels as a coach, master facilitator, and social innovator.

As a testament to both his expertise in the space, as well as the respect he is paid by his peers, Ed is serving as the current President-Elect of the ICF's Calgary chapter. He has worked primarily with senior executives from the energy, banking, small business, and not-for-profit sectors.

Ed has facilitated countless workshops for the Excelerator Coach model and TotalSDI. Sharing Bright Wire's passion for giving back, Ed is an active member of the community, volunteering with the United Way, CAUSE Canada, and the Fig Tree Foundation. In addition to this, he helped launch the SEEDS (Social Enterprise Excelerator Development System) program in Alberta, helping train more than 300 charitable leaders across the province.

Credentials and Designations

- Professional Certified Coach with the International Coach Federation (ICF)
